Corporate Social Responsibility (CSR) Statement

SHFC recognizes the detrimental effects of climate change and the dire need to protect and preserve our environment.

In response thereto, and in line with the State policy to protect and advance the right of the people to a balanced and healthful ecology in accord with the rhythm and harmony of nature, SHFC shall:

- 1) take into consideration the concept of climate change in various phases of our corporate decisions, policy formulations, development plans and corporate strategies;
- 2) support sound environmental policies and encourage private groups, local governments, and community-based organizations to prevent and reduce the adverse impacts of climate change; and
- 3) Endeavor to create a positive impact in addressing climate change and cooperate with the global community in the resolution of climate change issues, including disaster risk reduction.
